

# TANGELO GIVES BACK

Tangelo has committed to donating a minimum of **\$10,000** worth of Tangelo products annually

It's more than just a backpack.

Tangelo is thrilled to partner with the Kids In Need Foundation to provide school supplies to under-resourced teachers, students, and teachers and students affected by natural disasters. The founders of Tangelo believe that education is our country's best resource in fighting poverty, and are proud to give a portion of their proceeds to the Kids In Need Foundation.

Kids In Need Foundation (KINF), is a nonprofit organization that believes every child in America deserves equal opportunity and access to a quality education, and provides the support and tools needed for teachers to teach and learners to learn. By providing essential school supplies, distance learning resources, and other classroom items in high-demand, KINF partners with teachers in underserved schools to ensure students are prepared to learn in the classroom. Through its programs and National Network of Resource Centers, comprised of more than 40 mission-driven organizations nationwide, KINF is able to serve an estimated 5 million students, 200,000 teachers and provide over \$100 million in product each year at no cost to schools and teachers. For more information, visit [KINF.org](http://KINF.org), and follow their socials on Facebook, Twitter, & Instagram: @KidsInNeed.

## BY THE NUMBERS

### 2019 BY THE NUMBERS

 **15 million**  
American children live in poverty

 **30 million**  
Children rely on free or reduced lunch programs

An estimated **200,000** teachers served by KINF centers and programs

An estimated **5 million** students served by KINF centers and programs

 **43** Resource Centers

Each year we provide over **\$100MM** in resources

### KINF Core Values

#### The Value of Education

A quality education is the best gateway to opportunity, and students cannot achieve their full potential without it

#### The Value of Teachers

Teachers know what's essential to helping students learn. They are the key to unlocking a student's potential

#### The Value of Dignity

We strive to serve in a way that recognizes and protects the inherent dignity of both teachers and students

**91%**

start the first day of school without all necessary supplies

**92%**

do not have adequate supplies at home to complete schoolwork

**94%**

run out of supplies by the start of the second semester
