

OUT DO EVERY DAY

No matter where you're headed or what you're doing, Wolverine has the gear to give you the confidence to out do it all.

Project Bootstrap

Through strategic partnerships and initiatives, Project Bootstrap works to break down common misconceptions around the skilled trades industry, while supporting and inspiring the next generation of skilled trades workers in effort to close the trades gap. So far, Wolverine has donated over \$2 million to advance the skilled trades.

Wolverine's Partners

SkillsUSA is a nonprofit organization dedicated to preparing middle-school, high-school and college students for careers in the skilled trades industry.

A nonprofit that helps young people between the ages of 16 and 24 get their high school diploma or equivalent, while also earning a construction certificate and learning other life skills.

A non-profit organization created by the members and management of Metallica that provides financial support to individuals pursuing a skilled trade education.
